

A. Comparing 350.md-tsan-noread variant with base for region ImplTaskRegion1

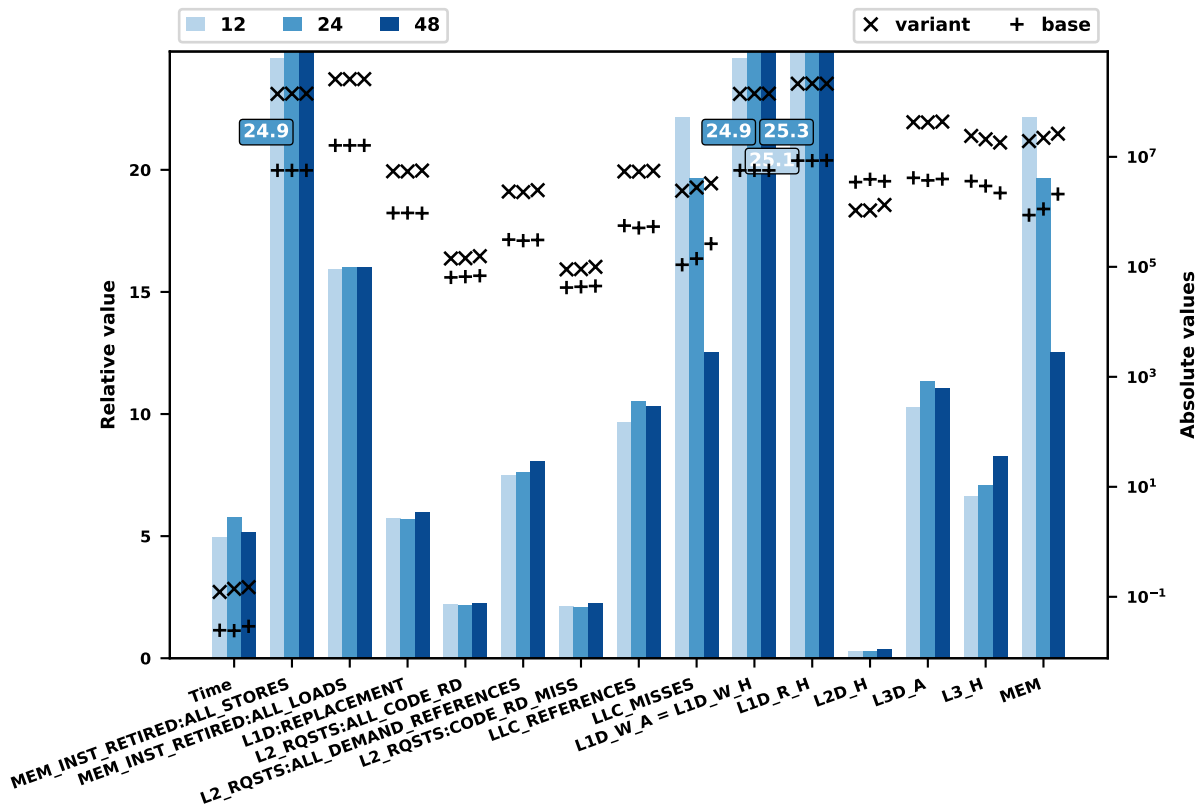

A. Comparing 350.md-archer-noread variant with base for region ImplTaskRegion1

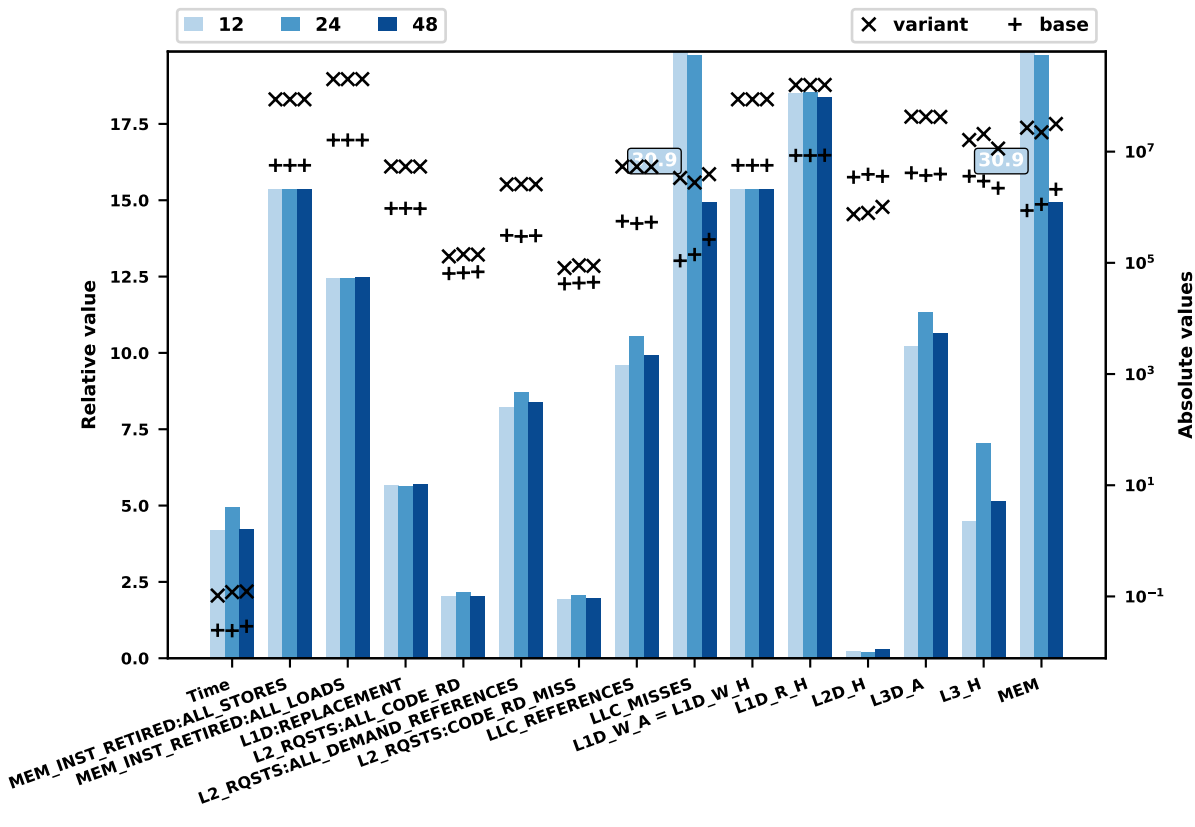

**A. Comparing 350.md-archer-sampling variant
with base for region ImplTaskRegion1**

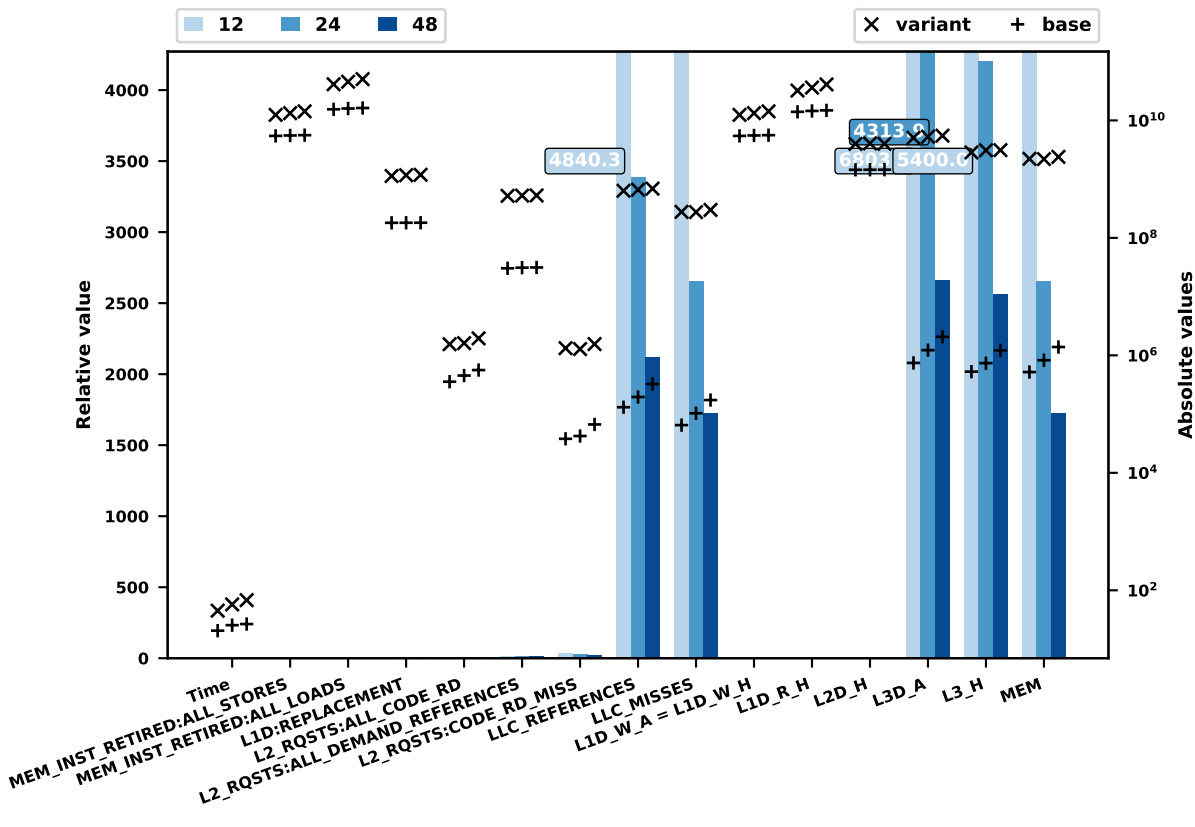

A. Comparing 350.md-tsan variant with base for region ImplTaskRegion1

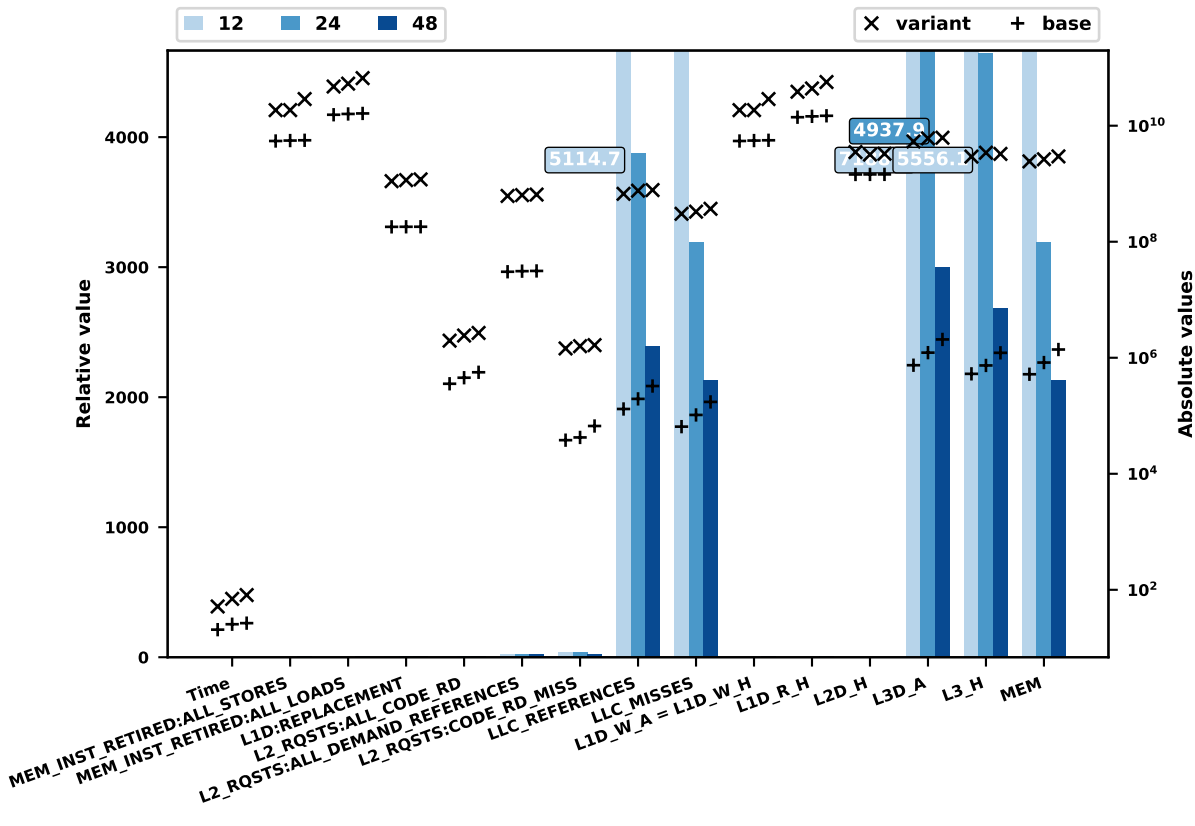

A. Comparing 350.md-archer variant with base for region ImplTaskRegion1

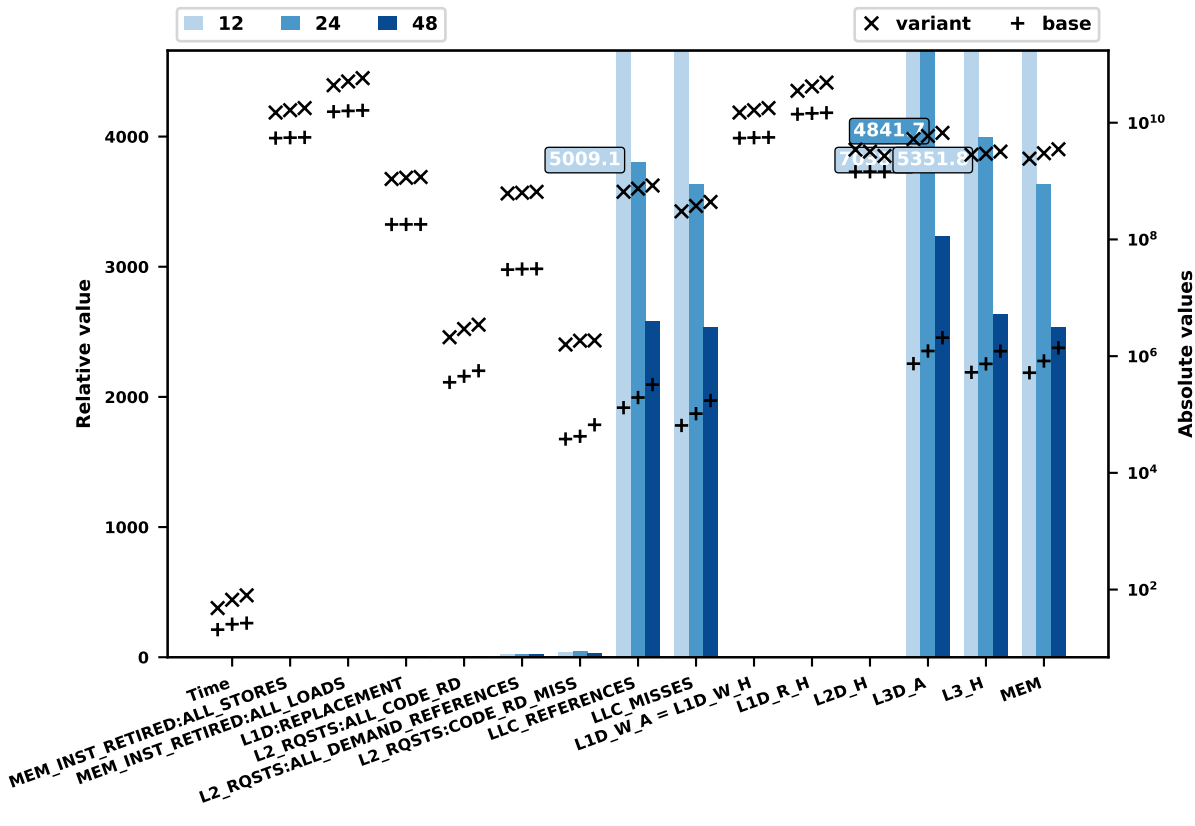

A. Comparing 350.md-archer-noread variant with base for region ImplTaskRegion2

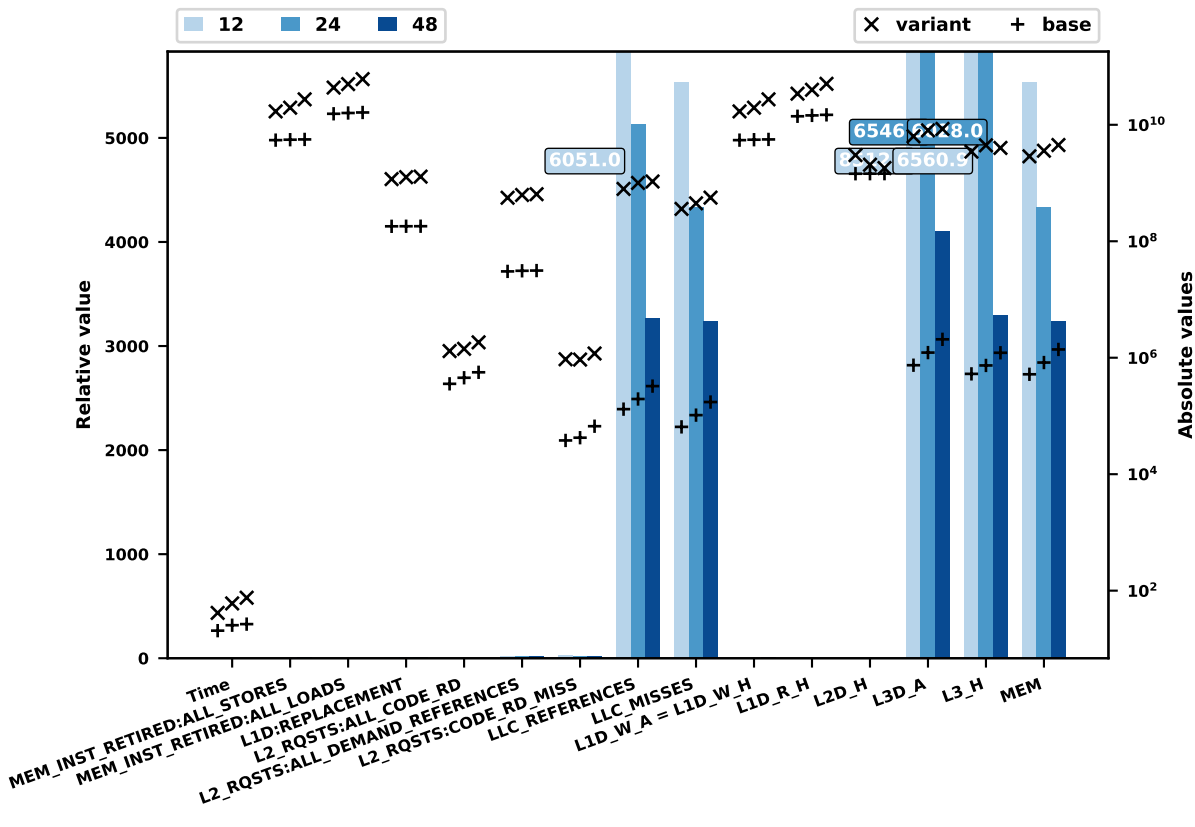

A. Comparing 350.md-tsan-sampling variant with base for region ImplTaskRegion2

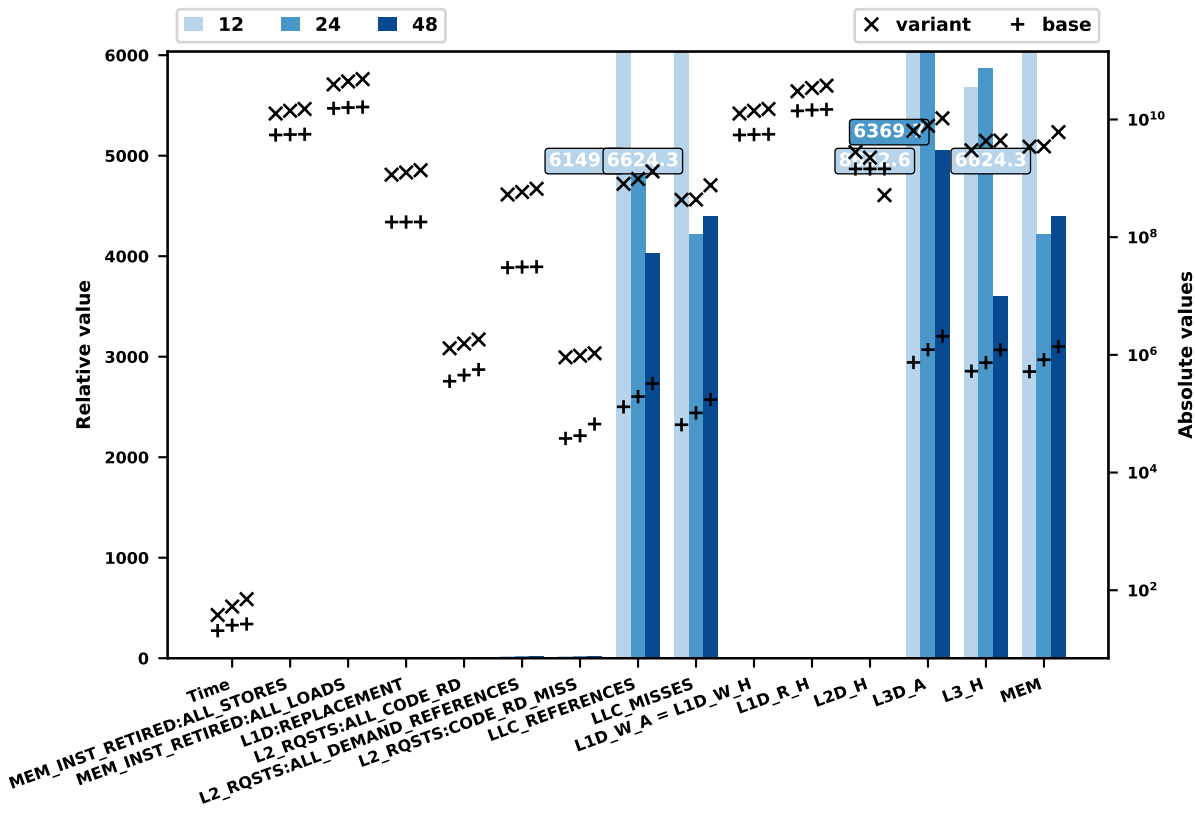

A. Comparing 350.md-archer-sampling variant with base for region ImplTaskRegion2

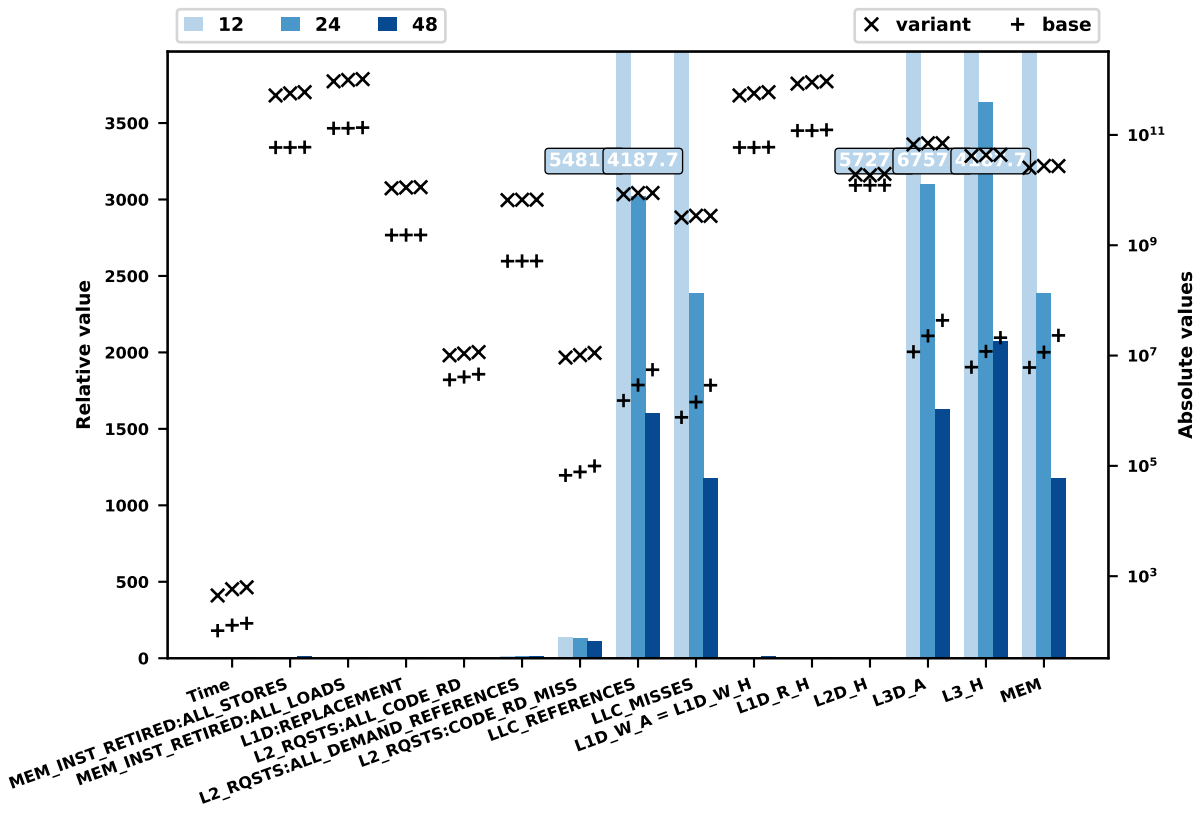

**A. Comparing 350.md-tsan variant
with base for region ImplTaskRegion2**

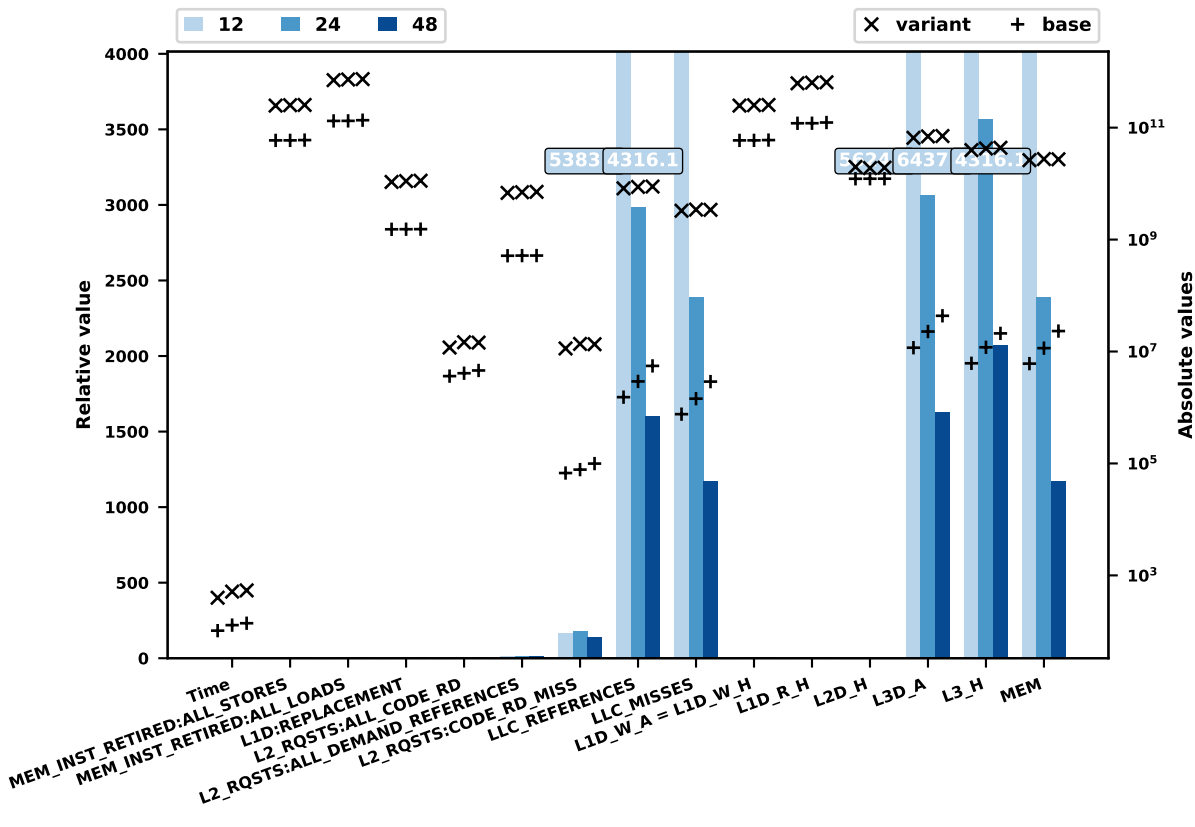

A. Comparing 350.md-archer variant with base for region ImplTaskRegion2

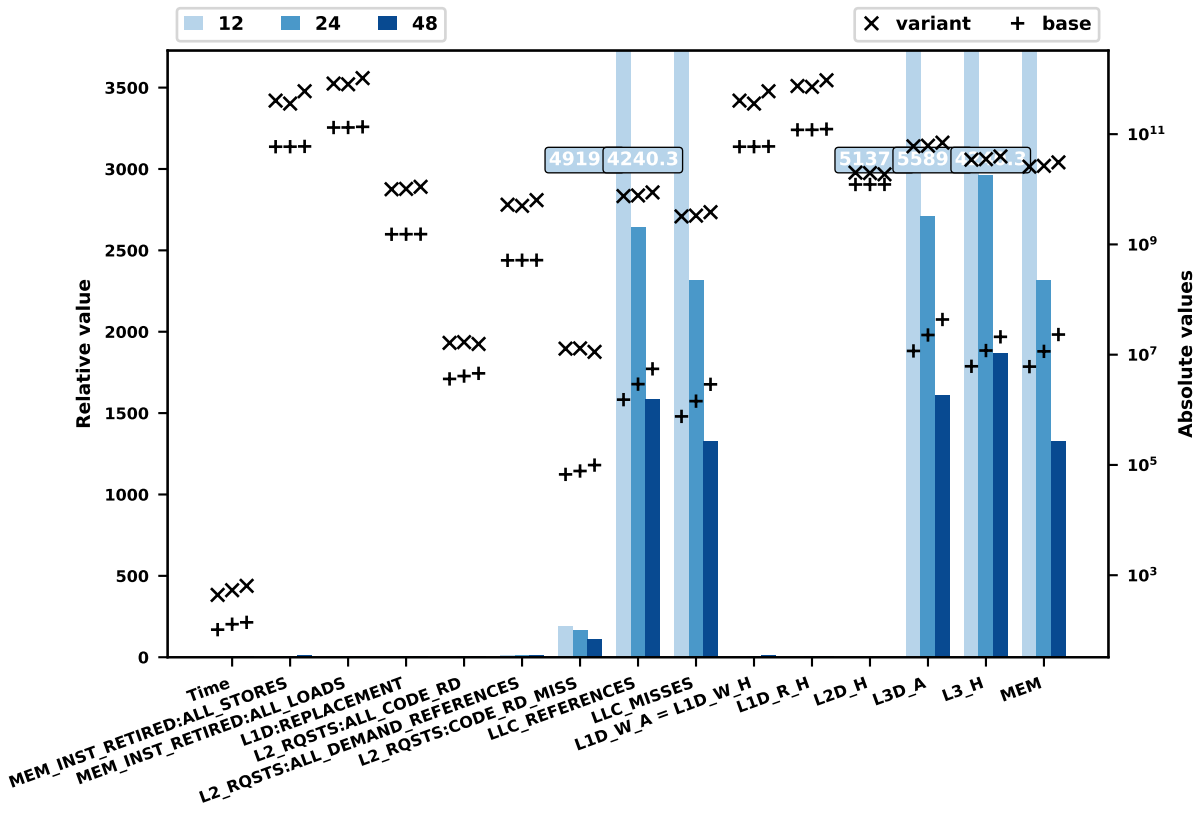

A. Comparing 350.md-tsan-noread variant with base for region ImplTaskRegion3

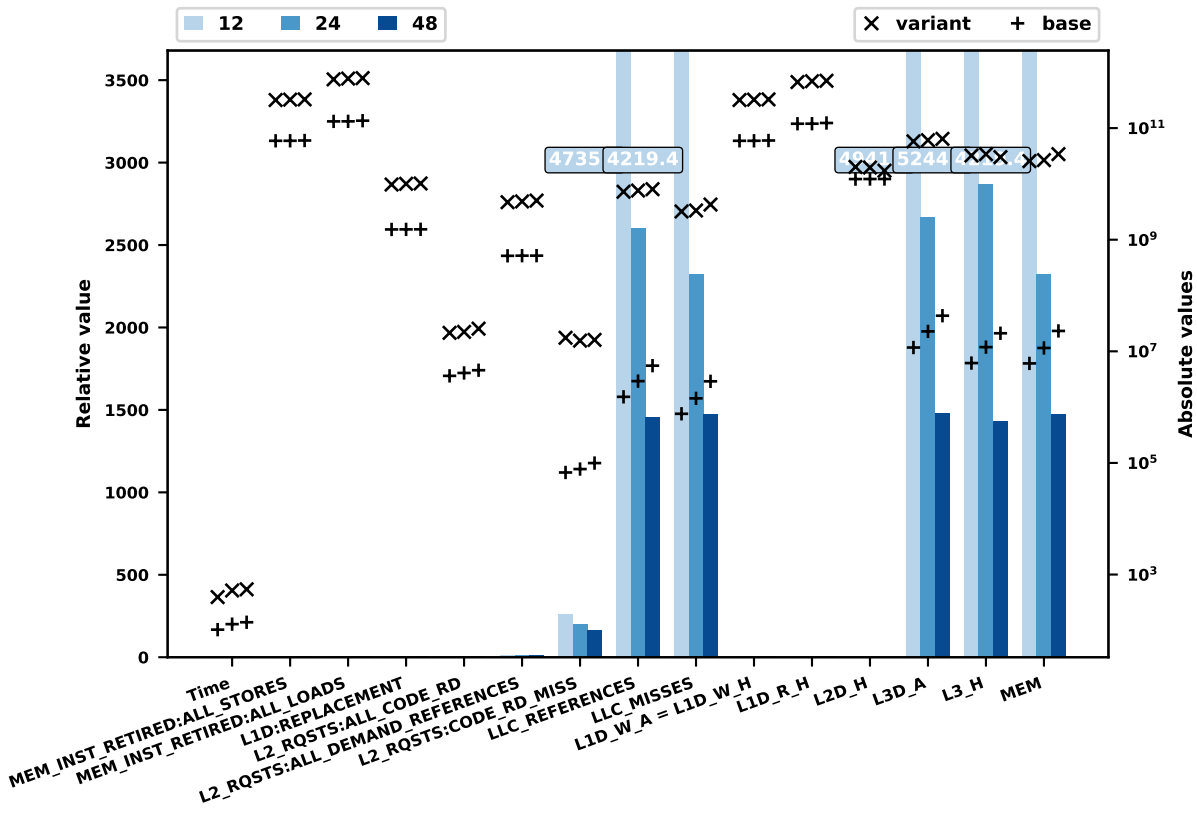

A. Comparing 350.md-archer-noread variant with base for region ImplTaskRegion3

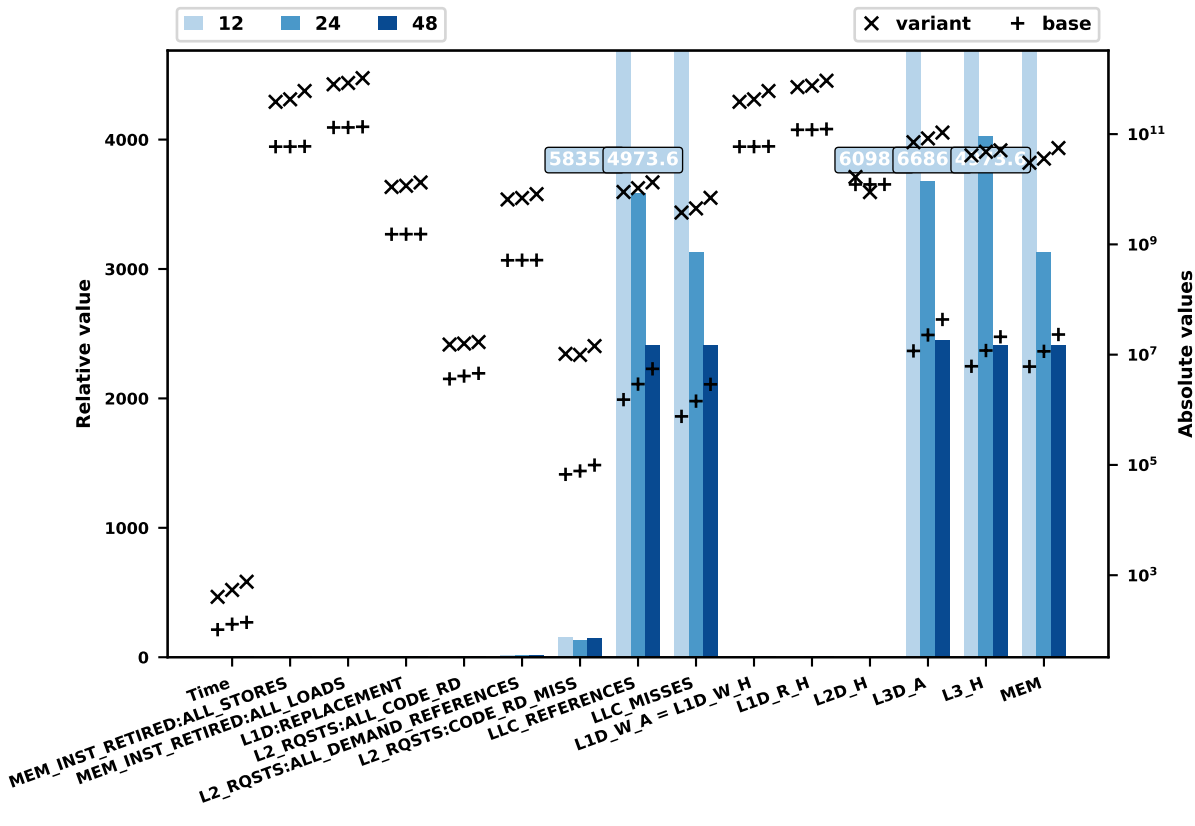

A. Comparing 350.md-tsan-sampling variant with base for region ImplTaskRegion3

A. Comparing 350.md-archer-sampling variant with base for region ImplTaskRegion3

A. Comparing 350.md-tsan variant with base for region ImplTaskRegion3

A. Comparing 350.md-archer variant with base for region ImplTaskRegion3
